Team Membership Guidelines: Parent/Coach Relationship

Both parenting and coaching are extremely difficult vocations. By establishing an understanding of each position, we are better able to accept the actions of the other and provide greater benefits to our students. As parents, when your child becomes involved on our program, you have a right to under the expectations placed upon your child. This begins with clear communication from the coach of your child’s team.

Communication you can expect from the Coach

1. Philosophy of the coach
2. Expectations the coach has for your child as well as members of the team.
3. Locations and times of all practices and games.
4. Team Requirements; i.e. special equipment, off-season conditioning, etc..
5. Procedures should your child be injured during practices or games.
6. Discipline that result in the denial of your child’s participation.

Communication Coaches can expect from Parents

1. Concerns expressed directly to the coach
2. Notifications of any schedule conflicts well in advance
3. Specific concerns regarding a coach’s philosophy and/or expectations

As your child becomes more involved in the programs at Scott Co. HS, they will experience some of the most rewarding moments of their lives. It is important to understand, however, that there may be times when things do not go the way you or your child wishes. At these times, discussion with the coach is encouraged.

Appropriate Concerns to discuss with Coaches

1. The treatment of your child mentally and physically
2. Ways to help your child improve
3. Concerns about your child’s behavior

As a parent, it is very difficult to accept your child’s not playing as much as you may hope. Coaches are professionals and they make judgments based on what they believe to be best for all students involved. As you have seen from the list above, certain things can be and should be discussed with your child’s coach. Other issues, such as those listed below must be left to the discretion of our professional staff.

Issues Not Appropriate to Discuss with Coaches

1. Playing Time
2. Team Strategy
3. Play calling and game strategy
4. Other Student-Athletes

There are situations that arise that may require a conference between the coach and parent. This dialogue is encouraged. It is important that both parties have a clear understanding of the others position. When a conference is necessary, the following procedure should be used to help promote a resolution of the concern.

Procedure to Use in Discussing Concerns with a Coach

1. Call/Email to setup an appointment. Please keep in mind that many of our coaches are classroom teachers and meeting time during the academic day may be limited.
2. If the coach can’t be reached you may call Mr. Joe Covington- Assistant Principal/AD 863-4131 x. 1148
3. Please do not attempt to initiate a discussion or confront a coach before or after a contest or practice. This can be an emotional time for all parties and meetings in these setting usually do not promote resolution.

The Next Step: If you are unable to reach resolution please contact Mr. Covington where a meeting can take place between all parties to further discuss and determine resolution.
